

Partners in Prayer *March - April 2007*

*“An
intelligent
heart
acquires
knowledge
and the ear
of the wise
seeks
knowledge”
- Proverbs
18:15*

Praise:

- It looks like more than 4,000 students will take Bible history courses this year.
- We have received a challenge grant of \$150,000. So, if given now, your donation will be matched by this grant!
- Two new churches have recently added Bible in the Schools to their giving.
- Positive articles on Bible in the Schools have been in area newspapers and magazines within the last month.
- More principals are asking for Bible history to be taught in their schools. Also, schools with part-time teachers are requesting full time ones.

Prayer:

- Funds will become available to enable Bible in the Schools to meet the needs of all the schools that have requested the program. We still need \$500,000 before July 31st.
- The following requests focus on school discipline issues.
 - Pray for Bible history students who get suspended frequently as they are the ones who really need to be in the classes.
 - Pray for the students who are disruptive and cause the teachers to have to take time away from teaching to deal with problems.
 - Pray for unrest created by a recent shooting at one of the Hamilton County high schools.
 - Pray for schools where gang activity exists.
- Continue to pray for Carolyn Owens' health problems, as she will be unable to return to school in the next few weeks as she had hoped. Pray for her substitute teacher.
- As spring fever encroaches, pray for the students to stay focused on their studies.
- Pray for one of the Bible history teachers who wants to be a good mentor for his student teacher.
- Several teachers have requested prayer for family members who are either physically or spiritually ailing.
